[ICO Blog: Addressing concerns on the use of AI by local authorities](#)

The Information Commissioner's Office (ICO) conducted an inquiry to understand the development, purpose and functions of algorithms and similar systems being used by local authorities.

[News Article: £4.8m WhatsApp fine raises questions for organisations using behavioural advertising](#)

The Irish Data Protection Commissioner has fined WhatsApp, owned by Meta, in a case that will raise questions for organisations that rely on contracts rather than consent to comply with GDPR when offering behavioural advertising

[News Article: How a hidden GPS tracker is saving lives](#)

Whilst Internet of Things enabled wearables can provide so many benefits, including saving the lives of vulnerable persons, they present additional ethical, privacy and data protection considerations.

This eAlert is intended for staff, both within Digital Health and Care Wales and other NHS organisations, who may have an interest in Information Governance issues that affect the NHS in Wales. If you have any articles which you feel would also be useful to colleagues, please feel free to forward them for inclusion in our next edition.
