### [News Article: UK Data Protection Plans Take Shape Post-Brexit](#)

Having formally broken with the European Union and the governance of the General Data Protection Regulation (GDPR), the United Kingdom is now firming up what its data handling and privacy rules will look like post-Brexit.

### [News Article: Investigation into hacked "map" of UK gun owners](#)

Authorities are investigating after a map claiming to show the addresses of thousands of firearms owners in the UK was published online. Gun-selling site Guntrader announced a data breach affecting more than 100,000 customers in July.

### [News Article: UK children's digital privacy code comes into effect](#)

Age Appropriate Design Code mandates apps to take 'best interests' of child users into account. A sweeping set of regulations governing how online services should treat children's data have been welcomed by campaigners as they come into effect.

### [News Article: WhatsApp Fined €225m for GDPR Violations](#)

WhatsApp has been hit by a €225m fine by Ireland's Data Protection Commission (DPC) for failing to discharge GDPR transparency obligations.
