[ICO Blog: on its information rights work](#)

Colleagues from the ICO's FOI Directorate share their experiences and involvement in raising awareness of our regulation of access to information legislation.

[News Article: Labour Party members' data hit by cyber incident](#)

The Labour Party has been affected by a "cyber incident" involving its members' data. Labour said it was told on 29 October that it had been affected by the event by a third party firm that handled membership data on its behalf.

[News Article: Location data collection firm admits privacy breach](#)

A British firm which sells people's location data has admitted that some of its information was gained without seeking permission from users. Huq uses location data from apps on people's phones, and sells it on to clients, which include dozens of English and Scottish city councils.

[News Article: 'The way my boss monitored me at home was creepy'](#)

Electronic monitoring of home workers by companies is rising sharply, a survey suggests. The government is being urged to toughen the rules - and ban most webcam use.

This eAlert is intended for staff, both within Digital Health and Care Wales and other NHS organisations, who may have an interest in Information Governance issues that affect the NHS in Wales. If you have any articles which you feel would also be useful to colleagues, please feel free to forward them for inclusion in our next edition.
