[ICO Blog: Sharing personal data in an emergency](#)

The ICO issues guidance for organisations that data protection law allows organisations to share personal data in an urgent or emergency situation, including to help them prevent loss of life or serious physical, emotional or mental harm.

[News Article: Social Engineering: How A Teen Hacker Allegedly Managed To Breach Both Uber And Rockstar Games](#)

Rockstar Games—the developers of the popular Grand Theft Auto series of video games—was hacked just days after ride-hailing giant Uber's servers were targeted in a similar breach, purportedly by the same hacker who used a process called social engineering, a highly effective mode of attack that relies on deceiving employees of a targeted company and can be difficult to guard against.

This eAlert is intended for staff, both within Digital Health and Care Wales and other NHS organisations, who may have an interest in Information Governance issues that affect the NHS in Wales. If you have any articles which you feel would also be useful to colleagues, please feel free to forward them for inclusion in our next edition.
