ICO Blog: International progress for domestic benefit: why the ICO convened a G7 meeting on data flows
The UK Information Commissioner, Elizabeth Denham has commented that the free flow of data between countries is crucial for UK businesses as it enables international trade, opens up backroom efficiencies like cloud services, and accelerates data-driven innovation.

News Article: Mass Leak of Fitness Tracking Data Hits Fitbit, Apple, Microsoft, Google; 60 Million Records Exposed by Improperly Configured Third-Party Database
A third-party platform that has the ability to pull fitness tracking data from nearly all of the major wearable device providers has been breached, leaving about 61 million records exposed.

This eAlert is intended for staff, both within Digital Health and Care Wales and other NHS organisations, who may have an interest in Information Governance issues that affect the NHS in Wales. If you have any articles which you feel would also be useful to colleagues, please feel free to forward them for inclusion in our next edition.
