[ICO: Celebrating twenty years of Freedom of Information](#)

Transparency and accountability are fundamental to our democracy – the impact of decisions made by public bodies can affect us all in some way.

[Risk facing UK "widely underestimated", cyber chief to warn in first major speech](#)

The nation's new cyber security chief will use his first major speech today to issue a rallying call for collective action against an increasingly complex array of threats.

[The number of data breaches made by the county council within Educational, Health and Care Plans have been labelled as "shocking" and "concerning" by a body which represents parents and carers in Suffolk.](#)

Claire Smith, chair of the Suffolk Parent Carer Forum, is hoping for change after it was revealed there had been a rise in breaches within the plans, known as EHCPs.

This eAlert is intended for staff, both within Digital Health and Care Wales and other NHS organisations, who may have an interest in Information Governance issues that affect the NHS in Wales. If you have any articles which you feel would also be useful to colleagues, please feel free to forward them for inclusion in our next edition. Digital Health and Care Wales is not responsible for the contents or reliability of the linked websites and does not necessarily endorse the views expressed within them. Listing shall not be taken as endorsement of any kind. We cannot guarantee that these links will work all of the time and we have no control over availability of the linked pages.
