[BBC News Article: Norfolk and Suffolk police: Victims and witnesses hit by data breach](#)

A total of 1,230 people, including victims of crime and witnesses, have had their data breached by Norfolk and Suffolk police forces.

[See Similar: ICO response to a data breach at Norfolk and Suffolk Constabularies](#)

Norfolk and Suffolk Constabularies have announced a data breach relating to responses for Freedom of Information (FOI) requests for crime statistics, issued between April 2021 and March 2022.

[BBC News Article: Why it matters where your data is stored](#)

There's growing concern in Europe about digital sovereignty, the region's ability to control its own data and technology. It can cause problems when the data of European customers is stored in a US cloud service, as there can be a conflict between the laws that apply.

This eAlert is intended for staff, both within Digital Health and Care Wales and other NHS organisations, who may have an interest in Information Governance issues that affect the NHS in Wales. If you have any articles which you feel would also be useful to colleagues, please feel free to forward them for inclusion in our next edition.
