BBC News Article: Fraud risk for Vans customers after data breach
Customers of the footwear brand Vans have been warned they may be at risk of fraud or identity theft following a data breach at its parent company.

BBC News Article: Data centre power use 'to surge six-fold in 10 years'
The boom in artificial intelligence (AI) and quantum computing will drive a spike in energy use, the National Grid has predicted. Both rely on data centres - warehouses full of computer systems.

ICO Article: ICO statement in response to reports of data breach at The London Clinic
We can confirm that we have received a breach report and are assessing the information provided.

This eAlert is intended for staff, both within Digital Health and Care Wales and other NHS organisations, who may have an interest in Information Governance issues that affect the NHS in Wales. If you have any articles which you feel would also be useful to colleagues, please feel free to forward them for inclusion in our next edition.
