DATA SET CHANGE NOTICE (2006) AE (W)

Reference: IRSS 20060606/01

Subject: Source of Admission and Discharge Destination for the value of '51' and '55'.

Reason for Change: Clarification of the Source of Admission for patients arriving at the Accident and Emergency Department and admitted to the same hospital provider.

Effective Date: Immediately

Background:

On receipt of the English DSCN 13/2004, it was noticed that the definition against the value of '51' and '55' of the 'Source of Admission and Discharge Destination' data item is not consistent with the definition held in the English NHS Data Dictionary. This DSCN is to correct the discrepancy. All other values are consistent with the English definitions.
