

WELSH INFORMATION STANDARDS BOARD

DSC Notice:	DSCN 2016 / 03
Date of Issue:	30th September 2016

Ministerial / Official Letter: N/A	Subject: Healthy Child Wales Programme
Sponsor: Heather Payne – Senior Medical Officer Welsh Government Ed Rees – Head of Obesity Prevention and Child Health, Welsh Government	
Implementation Date: 1st October 2016	

DATA STANDARDS CHANGE NOTICE

A Data Standards Change Notice (DSCN) is an information mandate for a new or revised information standard.

This DSCN was approved by the Welsh Information Standards Board (WISB) at its meeting on 1st September 2016.

WISB Reference: ISRN 2015 / 005

Summary:

Introduction of the Healthy Child Wales Programme

Data sets / returns affected:

- N/A

Please address enquiries about this Data Standards Change Notice to the Data Standards Team in NHS Wales Informatics Service

E-mail: data.standards@wales.nhs.uk / Tel: 029 2050 2539

The Welsh Information Standards Board is responsible for appraising information standards. Submission documents and WISB Outcomes relating to the approval of this standard can be found at:

<http://howis.wales.nhs.uk/sites3/page.cfm?orgid=742&pid=24632>

DATA STANDARDS CHANGE NOTICE

Introduction

The Healthy Child Wales Programme (HCWP) sets the strategic direction for health boards in Wales for the delivery of early intervention health services that are designed to ensure that children achieve optimum health.

The programme underpins the concept of progressive universalism and aims to identify a minimum set of key interventions with all families with pre-school children irrespective of need.

It aims to provide a structured national programme for children and their families to achieve improved health, social and educational development outcomes.

Although the full programme, listed below, includes contacts from the antenatal period to age seven, the programme's current scope only relates to those contacts from 10-14 days onwards and are thus included in this DSCN.

- Health Visitor Antenatal contact **(Excluded)**
- Physical examination within 72 hours after birth **(Excluded)**
- Neonatal hearing screening (currently recorded in a stand-alone module) **(Excluded)**
- Blood Spot Screening (currently recorded in a stand-alone system) **(Excluded)**
- Contact at 10-14 days
- Physical examination at 6 -8 weeks
- Weight and measurement at 8 weeks
- Weight and measurement at 12 weeks
- Weight and measurement at 16 weeks
- Contact at 6 months
- Health visitor contact at 15 months
- Health visitor contact at 27 months
- Contact at 3.5 years pre-school
- Reception School Nurse screening

The data will be recorded manually on a standardised data collection form (see Appendix A) by health visitors and entered into the child health system CCH2000 by child health clerical staff. Two variants will be used. The forms produced by CCH2000 will be pre-populated with the child's demographic details. The forms generated by health boards will not include the demographic details. In these cases, health visitors will record whatever demographic details are known and child health clerical staff will match the form demographics to the appropriate child on CCH2000 and then add the collected contact data.

As no demographic data will be entered onto the system as part of HCWP, there are no data definitions for these included in this DSCN.

Family Resilience is intended to be captured using the FRAIT tool once it becomes available. In the meantime, this field should be left blank.

The HCWP will be implemented in a phased approach with all health boards expected only to schedule contacts from the universal set from October 2016. Full delivery of all contacts in the universal scheduled surveillance section of the programme should be delivered by October 2018. Therefore, for each individual contact, with the exception of the demographic and family resilience items, all data on the data collection form should be collected at each contact.

Description of Change

To introduce a standardised set of data requirements for the Healthy Child Wales Programme contacts.

Data Dictionary Version

Where applicable, this DSCN reflects changes introduced by DSCN and/or DDCN since the release of version 4.8 of the NHS Wales Data Dictionary.

The changes introduced by such DSCNs will be published in version 4.9 of the NHS Wales Data Dictionary.

Actions Required

Actions for Local Health Boards:

- From 1st October 2016, ensure that all health visitors in Wales are collecting the required data as set out in this DSCN
- From 1st October 2016, ensure that all child health officers are entering the data as set out in this DSCN into the child health system.

Actions for NHS Wales Informatics Service:

- Enable the collection of the data set out in this DSCN on CCH2000.

Appendix A: Table reflecting areas that are impacted as a result of this DSCN

The following table shows where there are changes to the scope and/or definitions of applicable data sets, data items, terms and other associated areas that are linked with the changes documented within this DSCN.

Each data definition type is listed in alphabetical order and is shown in the sequence in which it appears in this DSCN.

Data Definition Type	Name	New/Retired/Changed	Page Number
Live Data Sets and Aggregate Data Collections / Aggregate Proformas	Healthy Child Wales Programme	New	5

Appendix B: Highlighted changes to be made to the NHS Wales Data Dictionary

Changes to the NHS Wales Data Dictionary are detailed below, with new text being highlighted in **blue** and deletions are shown with a **strikethrough**. The text shaded in **grey** shows existing text copied from the NHS Wales Data Dictionary.

Healthy Child Wales Programme Requirements

Scope

The HCWP includes contacts from the antenatal period to age 7 as listed below:

- Health Visitor Antenatal contact
- Physical examination within 72 hours after birth
- Neonatal hearing screening (currently recorded in a stand-alone module)
- Blood Spot Screening (currently recorded in a stand-alone system)
- Contact at 10-14 days
- Physical examination at 6 -8 weeks
- Weight and measurement at 8 weeks
- Weight and measurement at 12 weeks
- Weight and measurement at 16 weeks
- Contact at 6 months
- Health visitor contact at 15 months
- Health visitor contact at 27 months
- Contact at 3.5 years pre-school
- Reception School Nurse screening

There will be no change to current arrangements where information is already recorded e.g. neonatal hearing screening, blood spot screening, child measurement programme at reception age or information covering immunisations and infant feeding.

For the first two contacts (antenatal and 72 hours) there is currently no national routinely reported information.

There is minimal change to the data requirements within the HCWP. As the aim of the programme is to standardise the contacts themselves, none of the data items included in the programme have been reviewed prior to implementation and these definitions will remain as they are.

Information Requirements

Contact at 10-14 days

These are the data requirements that relate to the contact at 10-14 days:

Data Item	Description	Values
Contact	Contact code	Contact at 10 – 14 days
Date of Contact	The date of contact	Standard date field
Reason Not Examined	Records the reason a child was not examined.	Was not brought Unwell or uncooperative child Examination refused Parent / Carer not present

Consent	Records consent provided by person with parental responsibility	Yes No
Location	Location of contact	GP Surgery Clinic School At home Hospital Telephone contact
Examiner	Health care professional who carried out contact	Doctor – paediatrician GP Health Visitor Audiometrician Vision Screener School Nurse Practice Nurse Midwife Community Nursery Nurse Registered Nurse Other examiner
Height / length	Child's Height / length.	Recorded in centimetres (to 1 decimal place).
Weight	Child's weight	Recorded in kilos (to 3 decimal places).
Head Circumference	The circumference of the child's head	Recorded in centimetres (to 1 decimal place).
Onward referrals made	Referrals made	Yes No
Receiving Flying Start services	Receiving Flying Start services at this contact	Yes No Not known
Looked after child	Looked after child at this contact	Yes No Not known
On the Child Protection Register	On the Child Protection Register at this contact	Yes No Not known
Evidence of FGM	Evidence of FGM observed	FGM observed FGM disclosed FGM not present Not examined
Domestic violence concern	Domestic violence concern within the home (routine enquiry)	Domestic violence concern - assessment completed Domestic violence concern - assessment not completed No concern
Development	Assessment of development status	Development as expected Concern: requires additional support
Family resilience	Will be captured using the FRAIT in due course	To be left blank

Feeding Status	See existing data item for Feeding Status	1 Exclusive Breast Milk 2 Combined Milk Feeding – Predominantly Breast 3 Combined Milk Feeding – Partially Breast 4 Artificial Milk Feeding
----------------	---	--

Physical examination at 6-8 weeks

These are the data requirements that relate to the Physical examination at 6-8 weeks:

Item	Description	Values (including codes where exist)
Contact	Contact code	Physical examination at 6 – 8 weeks
Date of Contact	The date of contact	Standard date field
Reason Not Examined	Records the reason a child was not examined.	Was not brought Unwell or uncooperative child Examination refused Parent / Carer not present
Consent	Records consent provided by person with parental responsibility	Yes No
Location	Location of contact	GP Surgery Clinic School At home Hospital Telephone contact
Examiner	Health care professional who carried out contact	Doctor – paediatrician GP Health Visitor Audiometrician Vision Screener School Nurse Practice Nurse Midwife Community Nursery Nurse Registered Nurse Other examiner
Height / length	Child's Height / length. Not required at this contact but should be possible to record it if concerned.	Recorded in centimetres (to 1 decimal place).
Weight	Child's weight	Recorded in kilos (to 3 decimal places).
Head Circumference	The circumference of the child's head	Recorded in centimetres (to 1 decimal place).
Onward referrals made	Referrals made	Yes No
Receiving Flying Start services	Receiving Flying Start services at this contact	Yes No

		Not known
Looked after child	Looked after child at this contact	Yes No Not known
On the Child Protection Register	On the Child Protection Register at this contact	Yes No Not known
Evidence of FGM	Evidence of FGM observed	FGM observed FGM disclosed FGM not present Not examined
Domestic violence concern	Domestic violence concern within the home (routine enquiry)	Domestic violence concern - assessment completed Domestic violence concern - assessment not completed No concern
Family resilience	Will be captured using the FRAIT in due course	To be left blank
Feeding Status	See existing data item for Feeding Status	1 Exclusive Breast Milk 2 Combined Milk Feeding – Predominantly Breast 3 Combined Milk Feeding – Partially Breast 4 Artificial Milk Feeding
Physical examination outcomes	In relation to heart, hips, eyes, testes (boys), general physical examination	Heart - satisfactory, concern, not assessed Hips - satisfactory, concern, not assessed Eyes - satisfactory, concern, not assessed Testes - satisfactory, concern, not assessed General - satisfactory, concern, not assessed

Contacts at 8, 12 and 16 weeks

These are the data requirements that relate to the contacts at 8, 12 and 16 weeks:

Item	Description	Values (including codes where exist)
Contact	Contact code	Weight and measurement at 8 weeks Weight and measurement at 12 weeks Weight and measurement at 16 weeks
Date of Contact	The date of contact	Standard date field
Reason Not Examined	Records the reason a child was not examined.	Was not brought Unwell or uncooperative child Examination refused Parent / Carer not present
Consent	Records consent provided by person with parental responsibility	Yes No
Location	Location of contact	GP Surgery Clinic School At home Hospital Telephone contact

Examiner	Health care professional who carried out contact	Doctor – paediatrician GP Health Visitor Audiometrician Vision Screener School Nurse Practice Nurse Midwife Community Nursery Nurse Registered Nurse Other examiner
Height / length	Child's Height / length. Not required at this contact but should be possible to record it if concerned.	Recorded in centimetres (to 1 decimal place).
Weight	Child's weight	Recorded in kilos (to 3 decimal places).
Head Circumference	The circumference of the child's head	Recorded in centimetres (to 1 decimal place).
Onward referrals made	Referrals made	Yes No
Receiving Flying Start services	Receiving Flying Start services at this contact	Yes No Not known
Looked after child	Looked after child at this contact	Yes No Not known
On the Child Protection Register	On the Child Protection Register at this contact	Yes No Not known
Evidence of FGM	Evidence of FGM observed	FGM observed FGM disclosed FGM not present Not examined
Domestic violence concern	Domestic violence concern	Domestic violence concern - assessment completed Domestic violence concern - assessment not completed No concern
Family resilience	Will be captured using the FRAIT in due course	To be left blank
Feeding Status	See existing data item for Feeding Status	1 Exclusive Breast Milk 2 Combined Milk Feeding – Predominantly Breast 3 Combined Milk Feeding – Partially Breast 4 Artificial Milk Feeding

Contact at 6 months

These are the data requirements that relate to the contact at 6 months:

Item	Description	Values (including codes where exist)
Contact	Contact code	Contact at 6 months
Date of Contact	The date of contact	Standard date field
Reason Not Examined	Records the reason a child was not examined.	Was not brought Unwell or uncooperative child Examination refused Parent / Carer not present
Consent	Records consent provided by person with parental responsibility	Yes No
Location	Location of contact	GP Surgery Clinic School At home Hospital Telephone contact
Examiner	Health care professional who carried out contact	Doctor – paediatrician GP Health Visitor Audiometrician Vision Screener School Nurse Practice Nurse Midwife Community Nursery Nurse Registered Nurse Other examiner
Height / length	Child's Height / length. Not required at this contact but should be possible to record it if concerned.	Recorded in centimetres (to 1 decimal place).
Weight	Child's weight	Recorded in kilos (to 3 decimal places).
Head Circumference	The circumference of the child's head	Recorded in centimetres (to 1 decimal place).
Onward referrals made	Referrals made	Yes No
Receiving Flying Start services	Receiving Flying Start services at this contact	Yes No Not known
Looked after child	Looked after child at this contact	Yes No Not known
On the Child Protection Register	On the Child Protection Register at this contact	Yes No Not known

Evidence of FGM	Evidence of FGM observed	FGM observed FGM disclosed FGM not present Not examined
Domestic violence concern	Domestic violence concern	Domestic violence concern - assessment completed Domestic violence concern - assessment not completed No concern
Family resilience	Will be captured using the FRAIT in due course	To be left blank
Feeding Status	See existing data item for Feeding Status	1 Exclusive Breast Milk 2 Combined Milk Feeding – Predominantly Breast 3 Combined Milk Feeding – Partially Breast 4 Artificial Milk Feeding

Contact at 15 months

These are the data requirements that relate to the contact at 15 months:

Item	Description	Values (including codes where exist)
Contact	Contact code	Health visitor contact at 15 months
Date of Contact	The date of contact	Standard date field
Reason Not Examined	Records the reason a child was not examined.	Was not brought Unwell or uncooperative child Examination refused Parent / Carer not present
Consent	Records consent provided by person with parental responsibility	Yes No
Location	Location of contact	GP Surgery Clinic School At home Hospital Telephone contact
Examiner	Health care professional who carried out contact	Doctor – paediatrician GP Health Visitor Audiometrician Vision Screener School Nurse Practice Nurse Midwife Community Nursery Nurse Registered Nurse Other examiner
Height / length	Child's Height / length. Not required at this contact but should be possible to record it if concerned.	Recorded in centimetres (to 1 decimal place).

Weight	Child's weight	Recorded in kilos (to 3 decimal places).
Head Circumference	The circumference of the child's head	Recorded in centimetres (to 1 decimal place).
Onward referrals made	Referrals made	Yes No
Receiving Flying Start services	Receiving Flying Start services at this contact	Yes No Not known
Looked after child	Looked after child at this contact	Yes No Not known
On the Child Protection Register	On the Child Protection Register at this contact	Yes No Not known
Evidence of FGM	Evidence of FGM observed	FGM observed FGM disclosed FGM not present Not examined
Domestic violence concern	Domestic violence concern	Domestic violence concern - assessment completed Domestic violence concern - assessment not completed No concern
Development	Assessment of development status	Development as expected Concern: requires additional support
Development - further	Whether further developmental assessment is required e.g. Schedule of Growing Skills (SoGS)	Yes No
Family resilience	Will be captured using the FRAIT in due course	To be left blank

Contact at 27 months

These are the data requirements that relate to the contact at 27 months:

Item	Description	Values (including codes where exist)
Contact	Contact code	Health visitor contact at 27 months
Date of Contact	The date of contact	Standard date field
Reason Not Examined	Records the reason a child was not examined.	Was not brought Unwell or uncooperative child Examination refused Parent / Carer not present
Consent	Records consent provided by person with parental responsibility	Yes No

Location	Location of contact	GP Surgery Clinic School At home Hospital Telephone contact
Examiner	Health care professional who carried out contact	Doctor – paediatrician GP Health Visitor Audiometrician Vision Screener School Nurse Practice Nurse Midwife Community Nursery Nurse Registered Nurse Other examiner
Height / length	Child's Height / length. Not required at this contact but should be possible to record it if concerned.	Recorded in centimetres (to 1 decimal place).
Weight	Child's weight	Recorded in kilos (to 3 decimal places).
Head Circumference	The circumference of the child's head	Recorded in centimetres (to 1 decimal place).
Onward referrals made	Referrals made	Yes No
Receiving Flying Start services	Receiving Flying Start services at this contact	Yes No Not known
Looked after child	Looked after child at this contact	Yes No Not known
On the Child Protection Register	On the Child Protection Register at this contact	Yes No Not known
Evidence of FGM	Evidence of FGM observed	FGM observed FGM disclosed FGM not present Not examined
Domestic violence concern	Domestic violence concern	Domestic violence concern - assessment completed Domestic violence concern - assessment not completed No concern
Development	Assessment of development status	Development as expected Concern: requires additional support
Development - further	Whether further developmental assessment is required	Yes No

	e.g. Schedule of Growing Skills (SoGS)	
Family resilience	Will be captured using the FRAIT in due course	To be left blank

Contact at 3.5 years pre-school

These are the data requirements that relate to the contact at 3.5 years pre-school:

Item	Description	Values (including codes where exist)
Contact	Contact code	Contact at 3.5 years pre-school
Date of Contact	The date of contact	Standard date field
Reason Not Examined	Records the reason a child was not examined.	Was not brought Unwell or uncooperative child Examination refused Parent / Carer not present
Consent	Records consent provided by person with parental responsibility	Yes No
Location	Location of contact	GP Surgery Clinic School At home Hospital Telephone contact
Examiner	Health care professional who carried out contact	Doctor – paediatrician GP Health Visitor Audiometrician Vision Screener School Nurse Practice Nurse Midwife Community Nursery Nurse Registered Nurse Other examiner
Height / length	Child's Height / length. Not required at this contact but should be possible to record it if concerned.	Recorded in centimetres (to 1 decimal place).
Weight	Child's weight	Recorded in kilos (to 3 decimal places).
Head Circumference	The circumference of the child's head	Recorded in centimetres (to 1 decimal place).
Onward referrals made	Referrals made	Yes No

Receiving Flying Start services	Receiving Flying Start services at this contact	Yes No Not known
Looked after child	Looked after child at this contact	Yes No Not known
On the Child Protection Register	On the Child Protection Register at this contact	Yes No Not known
Evidence of FGM	Evidence of FGM observed	FGM observed FGM disclosed FGM not present Not examined
Domestic violence concern	Domestic violence concern	Domestic violence concern - assessment completed Domestic violence concern - assessment not completed No concern
Family resilience	Will be captured using the FRAIT in due course	To be left blank

HEALTHY CHILD WALES PROGRAMME - DATA COLLECTION

Immunisation history recorded on CCH2000 will be printed below only if this form was produced as part of a scheduled appointment run on CCH2000, and the child was over 6 months old at the time of the form being produced.

IMMUNISATION DESCRIPTION	DATE GIVEN	IMMUNISATION DESCRIPTION	DATE GIVEN

Guidance for completion of this form:

- 1. CHILD DETAILS** Complete this section at all HCWP contacts, where data items are not pre-printed by the CCH2000 system.
- 2. CONTACT DETAILS** Complete this section at all HCWP contacts as specified below.
- Contact** For routine HCWP contacts (numbers 2-8) circle one option only, and only do so if an option is not already pre-selected by the CCH2000 system. If a Schedule of Growing Skills (SoGS) assessment takes place at the Health visitor contact at 15 months (number 6) or the Health visitor contact at 27 months (number 7), then circle one routine contact (number 6 or 7). If an option is not already pre-selected by the CCH2000 system, and also circle the Schedule of Growing Skills (SoGS) contact (number 9).
- Recall in (weeks)** If a CCH2000 scheduled HCWP contact requires a recall, enter the number of weeks in which the recall contact should take place. This option is only available for the following contacts: Physical examination at 6 - 8 weeks (number 3); Contact at 6 months (number 5); Health visitor contact at 15 months (number 6); Health visitor contact at 27 months (number 7); Contact at 3.5 years pre-school (number 8).
- Date of contact** Enter date in the format DD/MM/YYYY, where date is not pre-printed by the CCH2000 system.
- Reason not examined** Circle one option only and only do so if examination does not take place.
- Consent (provided by person with parental responsibility)** Complete at all HCWP contacts - circle one option only.
- Location** Complete at all HCWP contacts - circle one option only.
- Examiner** Complete at all HCWP contacts - circle one option only.
- Receiving Flying Start services (at this contact)** Complete at all HCWP contacts - circle one option only.
- Looked after child (at this contact)** Complete at all HCWP contacts - circle one option only.
- On the Child Protection Register (at this contact)** Complete at all HCWP contacts - circle one option only.
- 3a. GENERAL OUTCOMES** Complete this section at all HCWP contacts as specified below.
- Weight and measurement** Weight must be recorded at all HCWP contacts, except the Contact at 3.5 years pre-school (number 8) where record only if concerns; Height/Length at Weight and measurement at 8 weeks (number 4), Health visitor contact at 15 months (number 6) and Health visitor contact at 27 months (number 7); Head circumference at Contact at 10 - 14 days (number 2) and Weight and measurement at 8 weeks (number 4); measurements at Contact at 3.5 years pre-school (number 8) should be recorded if health visitor or parental concerns. Data can be recorded at any HCWP contact if there is concern.
- Evidence of FGM** Complete at all HCWP contacts - circle one option only.
- Domestic violence concern** Complete at all HCWP contacts - circle one option only.
- Family resilience** Complete at all HCWP contacts - circle one option only.
- Onward referrals made** Complete at all HCWP contacts - circle one option only.
- 3b. PHYSICAL OUTCOMES** Complete this section at the Physical examination at 6-8 weeks contact (number 3).
- Heart** Circle one option only.
- Hips** Circle one option only.
- Eyes** Circle one option only.
- Testes (boys)** Circle one option only.
- General** Circle one option only.
- 3c. DEVELOPMENT OUTCOMES** Complete this section at the Health visitor contact at 15 months (number 6) and the Health visitor contact at 27 months (number 7).
- Development** Circle one option only.
- Development - further assessment required** Circle one option only.
- 3d. SCHEDULE OF GROWING SKILLS (SoGS) OUTCOMES** Complete this section at the Schedule of Growing Skills (SoGS) contact (number 9). This section should also be completed at the Health visitor contact at 15 months (number 6) and the Health visitor contact at 27 months (number 7) if the SoGS developmental assessment is carried out at these contacts.
- Locomotor skills** Enter numerical score in the range 0-20 or circle Not assessed.
- Manipulative skills** Enter numerical score in the range 0-28 or circle Not assessed.
- Visual skills** Enter numerical score in the range 0-20 or circle Not assessed.
- Hearing and language skills** Enter numerical score in the range 0-21 or circle Not assessed.
- Speech and language skills** Enter numerical score in the range 0-22 or circle Not assessed.
- Interactive social skills** Enter numerical score in the range 0-24 or circle Not assessed.
- Self-care social skills** Enter numerical score in the range 0-23 or circle Not assessed.
- Cognitive skills** Enter numerical score in the range 0-34 or circle Not assessed.
- 4. INFANT FEEDING** Continue to use current data collection methods for infant feeding (data as at 10 days, 6 weeks and 6 months can be entered on this form if necessary)
- Collection time** Circle one option only.
- Feeding status** Circle one option only.

* Consent provided by person with parental responsibility ** At this contact
