

WELSH INFORMATION STANDARDS BOARD

DSC Notice:	DSCN 2021 / 25
Date of Issue:	28 th October 2021

Welsh Health Circular/Official Letter: None	Subject: 111 Service Final Outcomes (AMD)
Sponsor: Roger Perks Delivery & Performance Division Delivery Directorate Health and Social Services Group Welsh Government	
Implementation Date: 18 th May 2022	

DATA STANDARDS CHANGE NOTICE

A Data Standards Change Notice (DSCN) is an information mandate for a new or revised information standard.

This DSCN was approved by the Welsh Information Standards Board (WISB) at its meeting on 21st October 2021.

WISB Reference: ISRN 2020 / 031

Summary:

To include the additional secondary outcomes of 'Quick Call' and 'Health Information' to the primary outcome 'Encounter/assessment aborted'.

Data sets / returns affected:

This standard applies to all OOH and 111 services in NHS Wales.

Please address enquiries about this Data Standards Change Notice to the Data Standards Team in Digital Health and Care Wales

E-mail: data.standards@wales.nhs.uk / Tel: 02920502539

The Welsh Information Standards Board is responsible for appraising information standards. Submission documents and WISB Outcomes relating to the approval of this standard can be found at:

<http://howis.wales.nhs.uk/sites3/page.cfm?orgid=742&pid=24632>

DATA STANDARDS CHANGE NOTICE

Introduction

DSCN 2021 / 21 mandated an updated consolidated list of Final Outcomes available for selection within the new NHS 111 Wales System and confers an outcome descriptor for all patients following 111 / GP out-of-hours (OOH) contact.

A requirement for the addition of two further secondary outcomes following an encounter/assessment being terminated for a non-clinical reason were identified. Calls made to NHS 111 Wales may be concluded before a full assessment and managed by the call handler. These types of encounter may be categorised as a Quick Call, where service information is provided e.g. contact details and opening times or a Health Information call, whereby information is provided to the caller on common health concerns. The addition of these secondary outcomes will provide more detail about the services provided by NHS 111 Wales and the reasons why an encounter/assessment was aborted before a full assessment occurred.

Scope

To mandate a defined national list of final outcomes for use in the new 111 procured system across Welsh Ambulance Service Trust (NHS Direct Wales / 111) and all OOH services in NHS Wales. This list is defined in the Information Specification section below.

Description of Change

To include two additional secondary outcomes 'Quick Call' and 'Health Information' for the primary outcome 'Encounter/assessment aborted'.

Data Dictionary Version

Where applicable, this DSCN reflects changes introduced by DSCN and/or DDCN since the release of version 4.14 of the NHS Wales Data Dictionary.

The changes introduced by such DSCNs will be published in version 4.15 of the NHS Wales Data Dictionary.

Actions Required

For external supplier:

- Update the national list of Final Outcomes within the new NHS 111 Wales system.

For Health Boards:

- Update local processes to incorporate the use of the national list of Final Outcomes.

For Welsh Government:

- Ensure that the OOH reporting proforma and associated guidance documentation are updated to incorporate the national list of Final Outcomes.

Digital Health and Care Wales:

- Ensure that all national systems have been updated to comply with the standard set out in the Information Specification within this DSCN.

Highlighted changes to be made to the NHS Wales Data Dictionary Changes to the NHS Wales Data Dictionary are detailed below, with new text being highlighted in **blue** and deletions are shown with a ~~strikethrough~~. The text shaded in **grey** shows existing text copied from the NHS Wales Data Dictionary

SPECIFICATION

Information Specification

The table below defines the list of national final outcomes for selection in the 111 system. These describe the onward care or advice provided following the end of the contact, i.e. after the final telephone call, Primary Care Centre (PCC) attendance or home visit. Welsh Reference Data Service Codes are included in brackets for each outcome.

Primary Final Outcome	Definition	Secondary Final Outcome	Tertiary Final Outcome
Advised to contact another Health Care Professional (A1A1A5)	Following prioritisation and/or assessment by a clinician (telephone/face to face) a patient is advised to contact another health professional for further follow up care or treatment and provided with worsening advice during the period when their usual service may be closed.	<ul style="list-style-type: none"> Advised to contact General Practice (A1A1C2) 	<ul style="list-style-type: none"> NA
		<ul style="list-style-type: none"> Advised to contact General Practice (A1A1C2) 	<ul style="list-style-type: none"> Advised to contact Primary Care Centre (PCC) - further tests/investigations? (A1A1C9) Advised to contact Primary Care Centre (PCC) - Poorly controlled chronic disease? (A1A1D1) Advised to contact Practice Nurse (A1A1D2) Other (A1A1M1)
		<ul style="list-style-type: none"> Advised to contact Health Visitor (A1A1C3) Advised to contact Midwife or Maternity Unit (A1A1C5) Advised to contact Sexual Health Services (A1A1D6) Advised to contact Community Nurse (A1A1F7) Advised to contact Dental Clinic (A1A1A8) 	<ul style="list-style-type: none"> NA

Primary Final Outcome	Definition	Secondary Final Outcome	Tertiary Final Outcome
		<ul style="list-style-type: none"> • Advised to contact Public Health Wales helpline (A1A1D3) • Advised to contact Sexual Assault Centre (A1A1D5) • Advised to contact Optometrist (optician) (A1A1C6) • Advised to contact General Dental Practitioner (A1A1J1) • Advised to contact Hospice Services (A1A1J9)
